BESCHREIBUNG

This are two properties made into one and one part used to be an old mill of around 200 years. It has a lot of sun and nice view over the surrounding landscape and the mountains and is situated in the old town. Has today two big living rooms of 100 m2 and 60 m2 and two kitchens, a number of terraces surrounding the house both covered and open. The old atmosphere can still be recognized on some details like the height of the ceiling (8 mtrs). This is ideal to use as a large family home or a bed and breakfast hotel.
