Out of the living room with ample windows you enjoy a panoramic seaview towards Albir. In the garden with swimming pool you find a surprising design outside summer kitchen and an outside dining place with shadow and a nice view to the garden and pond. The villa itself has on ground level 3 bedrooms, 1 bathroom, a design kitchen runaway out of a fashion magazine, a livingroom connect to a outside terrace The whole house has double glazing, airco, and central heating with gasoil. One level lower this house has a separate guest facility with a big bedroom and nice bathroom. The villa has a garage and parking place outside for 4 cars. The biggest asset is the "zen" atmosphere of the villa and garden that makes you feel "at home" immediately. In a few minutes you are in Alfaz del Pi, the centre of La Nucia, Albir and Altea
