BESCHREIBUNG

Fantastic luxury villa built with the best materials. The house has wonderful views and beautiful outdoor areas. The house was built in 2003 and has a living area of 539 m2 and a well-kept plot of 916 m2. The house is located in a magnificent area and there are sea views to Albir and Benidorm as well as to the mountains in La Nucia. Inside have been used the best materials with Italian marble flooring in the ground, solid granite pillars, hand-made design details, cherry wood doors, high security windows, electric shutters, security alarm, central heating / air conditioning and built-in music system. The house has its own guest apartment with separate access from the main apartment and contains a total of 5 large bedrooms, 4 bathrooms, 1 toilet and 1 garage. Outside, there is a very nice garden, with tiled areas and a large pool.
